

## Meet MMS

January 10, 2019 in Voorburg

### **Are you ready to develop your leadership and coaching skills?**

In the MMS Coach Training you focus on both. Grow your professional skills, have more meaningful conversations, be more effective and have more impact by who you are.

By developing yourself (personally and professionally), finding a new, deeper layer within you. You learn how to make choices for yourself and make the next step in your life. You will also learn how to support others to be the best version of themselves and to take the next step.

This is not just a skill based training, it is a transformational coach training that focuses on skills and leadership development. The training is ICF certified at the Professional Certified Coach level (PCC).

At the Meet MMS event you will learn more about MMS and our programs, including the Inner Negotiation Workshop (INW) a two day workshop that focusses purely on your own personal objectives.

We are looking forward to seeing you on:

*"The Inner Negotiation Workshop was an enlightening and inspiring experience which 'opened me up' to new possibilities. The team genuinely cares; they provided a safe space for participants to work through blocks and achieve clarity. Their coaching process is not only useful for formal coaching but for everyday 'listening' to empower effective leadership and relationships - professional, timeless, cross-cultural and inspiring in every way."*

*"The MMS Coach Training has quite literally changed my life. The three months were to hold some of the most challenging and most precious times of my life. I lived and grew in ways that I had previously thought unimaginable. With the support of the entire MMS team, I was able to break through many obstacles and start seeing myself as a coach. Now, back home, I am in the process of setting up my own coaching business. I am grateful for every ounce of wisdom and support I have received, especially that which ultimately came from within."*
